0 of 0 review helpful The Sun is Masked by the Son By Ramesh N Rao The first half of the biography is much more interesting and the second half is marred by the insertion of the son s biographer s own views about Indian politics and politicians Alas so many of the Nehruvian brand of modern Indian intellectuals with their penchant for the global and ignorance of the local have put their hard stamp on readers im This is a study of the life and work of the Indian philosopher who was a friend of Gandhi Tagore and Nehru and served as Ambassador to the Soviet Union and later was elected Vice President and then President of India It is written by his son About the Author Sarvepalli Gopal is at Jawaharlal Nehru University New Delhi
