mass market paperback 9780140442083 The Consolation of Philosophy (Penguin Classics):

0 of 0 review helpful Boethius Consolation By William M An underappreciated work very much in need at this time In short a discussion about what being self cognizant and sufficient allows in comparison to what depending upon fleeting experiences and things allows A comparative evaluation about true happiness versus that which is simply pleasurable This work was written as Boethius was awaiting his death and as he Boethius was an eminent public figure under the Gothic emperor Theodoric and an exceptional Greek scholar When he became involved in a conspiracy and was imprisoned in Pavia it was to the Greek philosophers that he turned The Consolation was written in the period leading up to his brutal execution It is a dialogue of alternating prose and verse between the ailing prisoner and his nurse Philosophy Her instruction on the nature of fortune and happiness good Language Notes Text English translation Original Language Latin From the Back Cover The Consolation of Philosophy is perhaps unique in the nature and extent of its influence on Western thinking An eminent public figure
