By Shlomo Biderman : Crossing Horizons: World, Self, and Language in Indian and Western Thought a key step in the intellectual history of the world has been taken in two very different locations one is in the eastern hemisphere and the other is in the western bibme free bibliography and citation maker mla apa chicago harvard

Crossing Horizons: World, Self, and Language in Indian and Western Thought:

0 of 0 review helpful A wonderful book By Aviad Kleinberg In this insightful original and beautifully written book Biderman does not simply compare thought systems The tensions between different ways of viewing and interpreting the world are examined as a way to speak and speak profoundly about the human condition In this book Shlomo Biderman examines the views outlooks and attitudes of two distinct cultures the West and classical India He turns to a rich and varied collection of primary sources the Rg Veda the Upanishads and texts by the Buddhist philosophers Nagarjuna and Vasubandhu among others In studying the West Biderman considers the Bible and its commentaries the writings of such philosophers as Plato Descartes Berkeley Kant and Derrida This book will make a significant contribution to the nascent but growing literature in comparative philosophy that focuses on basic human questions while continuing to observe philosophical rigor Laurie L Patton professor of early Indian religions and ch
