By Mary Roach : Spook: Science Tackles the Afterlife the afterlife also referred to as life after death or the hereafter is the belief that an essential part of an individuals identity or consciousness continues to the spiritual universe one physicists vision of spirit soul matter and self by dr fred alan wolf ebook edition why do we believe in the

Spook: Science Tackles the Afterlife:

2 of 2 review helpful Not as enjoyable as some of her other work By Melissa Dowd I have read two of Mary Roach's other books Stiff and Packing For Mars Her style is witty and amusing and Packing in particular was fascinating I was a little disappointed in this one perhaps because I wanted her to come to some sort of definitive conclusion It's certainly difficult subject matter I don't know that I would recommend The best selling author of Stiff and Bone trains her considerable wit and curiosity on the human soul What happens when we die Does the light just go out and that's that the million year nap Or will some part of my personality my memory persist What will that feel like What will I do all day Is there a place to plug in my laptop In an attempt to find out Mary Roach brings her tireless curiosity to bear on it If author Mary Roach was a college professor she'd have a zero drop out rate That's because when Roach tackles a subject like the posthumous human body in her previous bestseller Stiff The Curious Lives of Human Cadavers or the soul in the wi
