9 of 10 review helpful A brilliant wonderful translation by Alexander Wynne By S Ferguson The Book of Liberation Mokshadharma Parva is a compendium of various teachings given by Bhishma as he lays dying impaled in a bed of arrows on the battlefield These ideas will be of interest to those who are seeking liberation from the cycles of death rebirth It does not focus on the primary story of the Mahabharata Therefo The Book of Liberation is perhaps the most enigmatic philosophical text from ancient India Presented as the teachings of Bhishma as he lies dying on the battlefield after the epic war between the P aacute ndavas and K aacute uravas it was composed by unknown authors in the last centuries BCE during the early period of world renunciation when peripatetic sages meditated under trees and practiced austerities in forest groves and wandering sophists debated i Few issues are more important to parents than school violence This is research of prime quality that is readable and rigorous on an issue of extraordinary public importance and interest Jonathan Simon author of Governing through Crime
