By Richard Rice : Suffering and the Search for Meaning: Contemporary Responses to the Problem of Pain
purpose medicine is traditionally considered a healing profession but it has neither an operational definition of healing nor an explanation of its mechanisms beyond the meaning of life or the answer to the question what is the

meaning of life; pertains to the significance of living or existence in general Suffering and the Search for Meaning: Contemporary Responses to the Problem of Pain:

3 of 3 review helpful When suffering happens to them you or me By Biker Mom Rice explained the various approaches people have taken regarding suffering He pointed out the positive aspects of each approach and its weaknesses A new insight for me was the distinctions he made among the ways people view or experience suffering according to whether the suffering is happening to them you or me He concludes not with Suffering is a philosophical problem but it is much more It is deeply personal Why is this happening to me How can I respond to friends and family in pain and loss and to people in my care Richard Rice guides readers through the seven most significant theodicies approaches that have been used to make sense of suffering in light of God s justice or control He considers the strengths and weaknesses of each option while always guiding us toward greater The why me why now question is probably the most common response of people undergoing serious illness or loss There are no answers to these questions just the assurance that with time and in the presence of compassionate clinicians chaplains and loved
