**By Paul Helm : The Providence of God (Contours of Christian Theology)** open theism open theism is the thesis that because god loves us and desires that we freely choose to reciprocate his love he has made his knowledge of and plans unknown to many increasing numbers of conservative evangelicals are denying basic tenets of classical christian

teaching about god with departures occurring even The Providence of God (Contours of Christian Theology):

6 of 6 review helpful A good succinct overview of a central Christian doctrine By Jim Neumann Paul Helm makes no apology for the fact that he presents his own particular view of God s providence in this book which is both Reformed and thoughtful Along the way he acknowledges views opposite his own but explains early on that he finds it more fruitful to present one s own view rather than presenting everyone else s and t In this concise and accessible introduction Paul Helm outlines for students and interested readers the doctrine of divine providence Unlike many doctrinal treatments his approach is not historically oriented Instead Helm focuses on the underlying metaphysical and moral aspects of God s providence paying particular attention to the ideas of divine control providence and evil and the role of prayer in relationship to providence This series has been around for over a decade now and has established itself as providing learned yet accessible treatments of key topics in systematic theology The authors are not only fine theological thinkers they are also passionate churchmen with a lov
